## 2. School Gems-Yoga Break Breaks Counting and Skip Counting Sampler

Brain Breaks are very popular. And why not? Brain breaks are found to be a fast and effective way of helping learners regain energy and focus. They are also proven to be a useful tool in helping activate and stimulate their brains.

## 3. Brain Breaks Freebie: Roll a Brain Break

Brain Breaks are not only fun, but essential for focus and learning. Your students will love each of these quick and challenging Brain Breaks and they will enjoy the novelty of rolling a die to select which one to do. Just display them with your document camera, add a die, and you are set to go - no extra materials are needed and each activity is clearly explained. These would be great to use with a sub or anytime you want to try something a little different.

## 4. Being Inspired- Brain Breaks Freebie

The idea behind these "Brain Breaks" is that you have a stack of ideas for activities and games for when your class needs to give their brains a little break. They'll still be using their brains of course, but just in a more fun way! Some of the best ones are very active and give a noisy class a chance to burn off some energy before settling back down to work.

## 5. Energizers for Elementary Schools- East Smart Move More North Carolina

Elementary and middle school energizers are classroom-based physical activities that help teachers integrate physical activity and classroom concepts. These are short (10 minute) activities that classroom teachers can use to provide physical activity to children in accordance with the North Carolina State Board of Education's Healthy Active Children Policy.

## **7. Let’s Move West Virginia- Active Schools**

In alignment with “Let’s Move!”, America’s campaign to raise a generation of healthier kids, the West Virginia Department of Education supports and promotes the participation of students in daily physical activity, and is committed to supporting a healthy school environment. Let’s Move! WV is dedicated to solving the challenge of childhood obesity within a generation so that children born today will grow up healthy and able to pursue their dreams. Combining comprehensive strategies with common sense, Let’s Move! WV is about putting children on the path to a healthy future. Lots of ideas for physical activity in schools.

## **8. Create a Classroom that Moves! – Ohio Team Nutrition**

Classroom-based physical activity is an instructional tool teachers can use to improve mood, energy levels, and facilitate student learning. Early evaluations of active environments have demonstrated positive changes in student classroom behavior, word recognition and reading fluency, math scores, time on-task, and concentration levels (Centers for Disease Control & Prevention, 2010). Create a Classroom that Moves! consists of three core classroom tools: 1. Grade-level nutrition lessons, 2. Physical activity breaks, and 3. My Classroom Physical Activity Pyramid.
